Sample Letter from GoodElectronics

Dear *name of recipient*,

I am writing to you regarding the arrest of Emmanuel Asuncion, a board member of Workers' Assistance Center (WAC) in the Philippines.

Name of organisation, based in *country*, is a member of the GoodElectronics network, an international network of labour unions and NGOs working for human rights and sustainability in the global electronics sector.

We have been informed by one of the Good Electronics members in the Philippines, Workers' Assistance Center (WAC), about the arrest of and the false accusations raised against Emmanuel Asuncion, one of WAC's board members. Emmanuel Asuncion and several other known labour and human rights activists have been accused of multiple murders and attempted murders committed back in 2006.

According to information we have received from WAC, the accusations are fabricated, no preliminary investigation has been conducted and the accused have not had the proper possibilities to defend themselves.

Good Electronics is deeply concerned about this situation and is urging you to read the enclosed letter written by WAC and take proper action.
